## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

**To the Board of Directors  
American Baptist Foundation  
Valley Forge, Pennsylvania**

### **Opinion**

We have audited the accompanying financial statements of American Baptist Foundation (the “Foundation which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation’s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**To the Board of Directors  
American Baptist Foundation  
Valley Forge, Pennsylvania**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of administrative revenue and expenses. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

---

### (1) BACKGROUND

The mission of the American Baptist Foundation (the “*Foundation*”) is to encourage support of the American Baptist ministry and its mission, primarily done by the members of the Foundation through Charitable Estate Planning services for individuals and churches. Its mission also involves managing and providing investment services to American Baptist related organizations. The Foundation is a center through which planned gifts may be made in support of the American Baptist churches and related organizations around the world.

This cooperative effort, sponsored by its three American Baptist member organizations, demonstrates increased efficiency and strength by blending talent and resources within our family of faith. Serving throughout the United States, the Foundation representatives provide customized services including:

- Customize planned giving and endowment programs for ministries
- Educate on wills and estate planning
- Confidential counseling on personal estate plans
- Resources encouraging good stewardship through wills, endowments, and planned gifts
- Life income agreements to meet both individual income needs and mission support goals – these agreements include Pooled Income Fund, Charitable Remainder Trusts, Charitable Gift Annuities, and Revocable Trusts

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

Management has reviewed the tax positions for each of the open tax years (2019 – 2021) or expected to be taken in the Foundation’s 2022 tax return and has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements.

### (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### ***BASIS OF ACCOUNTING***

The accompanying financial statements of the Foundation have been prepared using the accrual basis of accounting.

#### ***NET ASSETS***

For accounting and reporting purposes, the Foundation classifies its resources into two net asset categories according to externally (donor) imposed restrictions. A description of the two net asset categories follows:

***Net Assets without donor-imposed restrictions*** – include the revenues and expenses associated with the principal mission of the Foundation which have not been restricted by donor-imposed restrictions.

***Net Assets with donor-imposed restrictions*** – include gifts for which restrictions have not been met. Net assets with restrictions are limited by donors for a specific purpose or specified period including term endowment funds. Also included in this category are the Foundation’s permanent endowment funds.

# AMERICAN BAPTIST FOUNDATION

## *NOTES TO FINANCIAL STATEMENTS – (Continued)*

December 31, 2022 And 2021

---

### ***CASH AND CASH EQUIVALENTS***

Cash and cash equivalents consist of amounts held in highly liquid securities with maturities of less than three months at the time of purchase and are stated at cost, which approximates fair value. Cash and cash equivalents that are segregated for gift annuity obligations or restricted by donors of trust agreements are included in “assets segregated for gift annuity obligations” and “assets whose use is limited,” respectively, in the Statement of Financial Position.

### ***USE OF ESTIMATES***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities as of December 31, 2022 and 2021, and the reported amounts of revenues and expenses for the years then ended. Actual results may differ from those estimates.

### ***INVESTMENTS***

Investments, which include marketable securities, U.S. Government and fixed income securities, mutual funds, and other assets held for investment purposes are reported at fair value based upon quoted market prices or other valuation methodologies. Gains or losses on investments are recognized as revenues or expenses in the Statement of Activities. Accordingly, gains and losses are recorded in the net asset category where the investment income is recognized.

### ***ASSETS WHOSE USE IS LIMITED***

Assets whose use is limited include assets received by the Foundation for the administration and management of revocable and irrevocable charitable remainder trusts and amounts received for various American Baptist related organizations and individuals for which the Foundation acts as custodian.

### ***EQUIPMENT AND DEPRECIATION***

Equipment is recorded at cost or, if donated, at fair value at the date of receipt. Depreciation of equipment is computed on a straight-line basis and is charged to expense over the estimated useful lives of the assets. Gains and losses on the disposition of assets are recognized as revenues and expenses in the Statement of Activities. Repair and maintenance costs are expensed when incurred, while betterments that extend the life of the assets are capitalized.

The Foundation reviews its assets for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable.

### ***CHARITABLE GIFT ANNUITIES***

Charitable gift annuity agreements are issued in exchange for a payment that constitutes part charitable contribution and part purchase of an annuity that provides for payments to the stated annuitant(s) during their lifetime(s). The contribution portion is recorded in the appropriate net asset category based on the donors' agreements. These agreements represent a general obligation of the Foundation.

The life expectancy of annuitants and the interest rate assumptions determine the actuarial obligations. Charitable gift annuity liabilities are computed using standard life expectancy and annuity tables at a 6.0% discount rate. Changes in the factors result in changes in the actuarial reserve for gift annuity payments. Changes related to agreements in which the remainderman is other than the Foundation, are recorded as an increase or decrease in the beneficiaries' interest in charitable gift annuities in the Statement of Financial Position. Changes related to agreements for which the Foundation is the remainderman are recorded within the change in value of split-interest agreements in the Statement of Activities.

# AMERICAN BAPTIST FOUNDATION

## *NOTES TO FINANCIAL STATEMENTS – (Continued)*

December 31, 2022 And 2021

---

### ***FUNDS OF OTHERS***

Funds of others represent amounts due to the organizations under revocable and irrevocable charitable remainder trusts and custodian funds administered by the Foundation for American Baptist-related organizations, individuals, agencies and institutions. For the irrevocable charitable remainder trusts, the funds of others amounts include both the obligation liability to the income beneficiaries and the residual payment due to others. For residual payments due to the Foundation, the net amounts represent the balance remaining net of the calculation of the liability for the income beneficiary's payments over their estimated life expectancy. The liability is based upon a 6% rate of return of the assets discounted at 6% over the income beneficiary's life expectancy.

### ***CONTRIBUTIONS***

The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Gifts-in-kind are recorded at fair value on the date of receipt.

### ***PRIOR YEAR INFORMATION***

The financial statements include certain prior-year summarized comparative information in total but not by net asset category. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended December 31, 2021 from which the summarized financial information was derived.

### ***NEW ACCOUNTING PRONOUNCEMENTS ADOPTED***

In 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842). The ASU changes the accounting treatment for operating leases by recognizing a lease asset and lease liability at the present value of the lease payments in the statement of financial position and disclosing key information about leasing arrangements. The standard is effective for fiscal years beginning after December 15, 2021. This ASU was adopted by the Foundation for the year ended December 31, 2022 and did not have a material effect on the statement of financial position or results of operations.

Certain states require investments to be segregated (reserves) for planned giving charitable gift annuity contracts. The general reserve follows the State of New York guidelines, which is the actuarial present value liability, plus 26.5%.

The 2022 reserve was calculated as follows:

Actuarial present value liability – General	\$3,981,618
26.5% additional reserves	<u>1,055,129</u>
Total Required Reserve	<u>\$5,036,747</u>

Holders of the Custodian Funds (see Note 6) may select one or more of the three different portfolios of the Foundation for investment. Investments noted above include the applicable ownership percentage of the underlying investments of the Blended, Fixed Income, and Stock portfolios.

As of December 31, 2022 and 2021, assets whose use is limited includes \$1,981,105 and \$2,214,402, respectively of the Foundation's remainder interest in charitable remainder unitrusts.

Notes receivable with rates ranging from .50% to 2.00% consist of investment notes issued by American Baptist Extension Corporation, an affiliate, totaling \$432,350 and \$531,569 as of December 31, 2022 and 2021, respectively.

At December 31, 2022 and 2021, investments in the Blended, Fixed Income, and Stock portfolios were \$122,666,261 and \$140,324,885; \$3,986,174 and \$4,880,937; and \$1,719,500 and \$2,020,354, respectively.

#### (4) FAIR VALUE OF FINANCIAL INSTRUMENTS

The Foundation utilizes various methods to measure the fair value of most of its investments on a recurring basis. Generally accepted accounting principles establish a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are described below:

Level 1 – Unadjusted quoted prices in active markets at the measurement date for identical assets and/or liabilities. An active market is one in which transactions for assets or liabilities occur with sufficient frequency and volume to provide pricing information on an ongoing basis. This category includes contracts traded on active exchange markets valued using unadjusted prices quoted directly from the exchange.

# AMERICAN BAPTIST FOUNDATION

## NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2022 And 2021

Level 2 – Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Assets or liabilities whose fair value is estimated based on internally developed models or methodologies using inputs that are generally less readily observable and supported by little, if any, market activity at the measurement date. Unobservable inputs are developed based on the best available information and subject to cost benefit constraints.

The inputs methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities are reflected as Level 2.

## NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2022 And 2021

---

The Foundation classifies the original value of gifts received with donor stipulations that require them to be held in perpetuity as net assets with donor restrictions. Cumulative net investment income which includes dividend and interest and realized and unrealized gains/losses on such gifts is classified as net assets with donor-imposed restrictions until it is expended in accordance with state law and/or the donor restriction. There were \$2,422,553 of cumulative net investment losses as of December 31, 2022. The Foundation's board may also designate certain gifts without donor restrictions to function as endowment funds; such gifts are classified within net assets without donor restrictions as funds functioning as endowment funds.

Changes in endowment and donor advised net assets for the years ended December 31, 2022 and 2021:

### (8) CREDIT RISK AND OTHER CONCENTRATIONS

The Foundation is required by Accounting Standards Codification (“ASC”) 825, “Financial Instruments” to disclose significant concentrations of credit risk regardless of the degree of such risk. As of December 31, 2022, and 2021, the Foundation maintained bank deposits that exceeded the limit of insurability under the Federal Deposit Insurance Corporation. This risk is managed by the Foundation in continuing to monitor the financial institutions in which it maintains relationships.

The Foundation has significant investments in notes receivable, stocks, bonds, and mutual funds and is therefore subject to normal risks inherent with investing activity. Investments made by investment managers engaged by the Foundation are monitored by the Foundation. Though the market value of investments is subject to fluctuations on a year-to-year basis, management believes that investment policy is prudent for the long-term welfare of the Foundation and its beneficiaries.

### (9) OPERATING SUBSIDY

Under an operating agreement, related members of the Foundation contribute to the operations, based upon predetermined amounts. The related members include the American Baptist Foreign Mission Society, the American Baptist Home Mission Societies, and the American Baptist Multi-Region Corporation. The amount subsidized by the related members was \$309,386 and \$311,815 for 2022 and 2021, respectively.

### (10) PENSION

Substantially all of the Foundation's employees are covered by the American Baptist Churches' Retirement Plan. The Foundation's pension expense related to contributions to this defined contribution plan was \$114,651 and \$110,318 in 2022 and 2021, respectively.

### (11) FUNCTIONAL CLASSIFICATION OF EXPENSES

With the adoption of ASU 2016-14, a functional classification of expenses is required. The functional allocation of expenses is based primarily on the amount of direct cost spent on the program or time spent on an activity, office space and related costs are allocated based upon time spent on an activity as follows for the year ended December 31, 2022 and 2021:

### (12) COVID-19

In December 2019, a novel strain of the coronavirus (“COVID-19”) was reported in China. The World Health Organization has declared COVID-19 to constitute a “Public Health Emergency of International Concern”. This outbreak has affected virtually every industry and has created volatility in the stock markets throughout the world. Many federal and state governments have implemented numerous restrictions, mandated various closures and quarantine requirements in connection with the COVID-19 outbreak. The extent of the impact of COVID-19 on the Organization’s operational and financial performance will depend on future developments, including the duration and spread of the outbreak and the impact on the Foundation’s funders, donors, employees and investments, all of which are uncertain and cannot be predicted.

Financial assets available to meet general expenditures within one year	<u>\$ 1,380,919</u>	<u>\$ 1,767,773</u>

The Foundation strives to maintain liquid financial assets to be available as its general expenditures, liabilities and other obligations become due. Financial assets in excess of daily cash requirements are invested in cash and cash equivalents. As part of the Foundation's liquidity management, it has a practice to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.
